

# **HELP the HOPE**

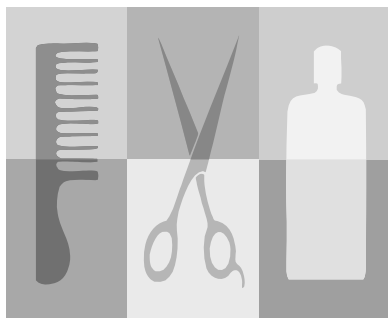

“HELP the HOPE” is a program created by Chelan High School LINK CREW for families in the Lake Chelan Valley who are challenged by these economic times.

*Chelan Valley Hope* is a non-profit community organization that provides assistance, advocacy and referral for the underserved in our area.

“HELP the HOPE” gives many of us a chance to help others in our community by collecting personal

Non-food items.... shampoo, soap, shaving creme, and other personal hygiene items; household items like dish soap, laundry products, band-aids; paper products like toilet paper, diapers, wipes and paper towels; and pet food.

**We will collect these items through donations from students, local citizens, and businesses in our community. If you have any donations please bring them to the CHS counseling office or see any LINK CREW member, Mr. Harris or Mrs. Luinstra @ Chelan High School.**
