Artist's Statement

- Example: Art is very important to me. I have always been interested in art, I just never took the time to learn much about it. After this year, I feel better prepared to look into art as a career. I think the following says it best about art in my life;
- “Art is more than a function, it is necessary for me to be a complete person.”

Examples of my work: Pencil Element-Line

- Show as many pieces in each heading as you'd like. Try for a variety of mediums. Tell me which elements were your emphasis. Include life drawing, sketching, ink, paint and sketchbook assignments. Use your own background choices and create an excellent portfolio. You must have at least 12 examples of your best work.
