Funny Bunny MONEY

*Have you ever needed money to pay for things here if you put you child in school you could get lots of money.*

## Getting paid to go to school

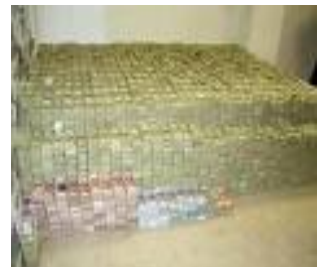

Do you think you should get paid to go to school? I do and a lot of people do too. I think students should get paid to go to school because students should get rewards for their good grades. If students work hard, the teachers get rewards too and students can save money for college.

Students should get paid for their good grades because they work hard for the good grades and students spend lots of time doing their home work. If students get paid to go to school that means they will have money and if they have money they will learn how to handle and New York is already rewarding the students for going to school. Did you know that if students in New York work hard the teachers get rewards too? Teachers get a \$3,000 dollar bonus if students work hard and the teachers will work harder to teach students. Also, teachers won't get into debt as easily because they will have \$3,000 dollars extra. Last, teachers will be able to get better

equipment for their classrooms. Did your parents go to college? Well kids who get paid to go to school can money because in New York is all ready paying some schools up to 2 million dollars. This means more kids will be able to go to college and when they grow up they will be able to get good jobs that pay good money. Last students will have good lives when they grow up because they went to college.

Getting paid to go to school will get students to go to school more. Students should get paid for their good grades. Also, if students work hard the teachers will get rewards too and students can save money for college. So if you think your school should pay students to go to school, go talk to your principal right away!!!!!!!!!!!!

# Australia

Have you ever wanted to go Australia? I have and most people have to. Australia has lots of good food. Also there is lots of good candy. There also are lots of good places to go to.

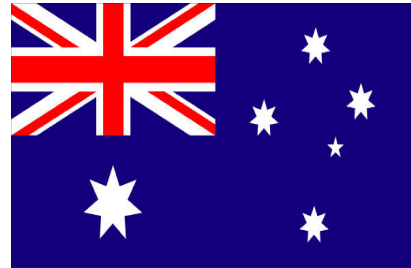

First, there are lots of good foods like dim sims, potato cakes, meat pies, and sausage rolls. Also, there is a great desert called lamington .My favorite food is potato cakes and dim sims.. There are lots of other great candies to. Also, there candy is great for example red skins, snakes alive, and freckles. They are all great candies.

A great place to go is the twelve apostles. They are made out of natural lime stones stacks standing just off shore in part in port Campbell on the great ocean road south Australia. Another great place to go is loch ard and the grotto. The grotto is a geological formation

known as a sinkhole which can be found on the great ocean road. Loch Ard gorge is part of port Campbell national park. The gorge is named after the clipper ship loch Ard which ran aground on nearby Mutton Bird Island on June, 1878 approaching the end of a three month journey from England to Melbourne. All but 2 of the 51 passengers and crew perished. Tom Pierce a ships apprentice and Eva an Irish woman was traveling with her family, both of which were 18 years of age. Australia is a great place to go for vacation with your family.

Next week we need to do a petition for kids that make good grades, make there A.R goal, and get good attendance should be able to go to Australia. Those are some reasons you would like to go to Australia

*You should go to Australia because there is great food , and lots of cool places to go .*

## Getting paid to go to school

These pictures are pictures of money that you could get for putting your child in school.

---

*Think about all that money you could get from the school because of putting your kids in school. Also it is good for your brain.*

---

Who wants to get paid to go to school? I know I do, and I think most kids do too. Kids should get paid so more kids would want to go to school. Kids would study harder to get better grades. Another reason why is, that the poor people would get money. Those are some reasons why kids should get paid to go to school. Here is why we should be able to get paid to go to school.

To begin with, if students get paid to go to school more kids would want to go to school. Kids would go to school ready to learn. Kids would behave well for money. If kids don't behave, teachers can take away money. Losing money would make Kids would behave. It would also teach them how to manage their money. One

school gave out \$25 for every perfect quarter of attendance.

Second reason why students should get paid so they would study harder to get better grades, Instead of talking all the time, students would listen to the teacher and do their work more often. It would encourage kids to do their work. One girl got \$38.50 for good grades.

Another reason Students should get paid to go to school so they would save for college since it's so expensive. The poor people would get more money to buy what they need like food, clothes, and stuff like that. Kids could also save for important stuff like a car, bills, school, etc.

My conclusion is that we kids should be getting paid to go to school. Kids would study harder to get better grades and behave bet-

ter. Student's would go to school more often and not slack off. Kids would want to go to school instead of playing video games all the time. That's why I think students should get paid to go to school!

## Kids getting paid to go to school

Do you think kids should get paid to go to school? I do and most kids do to. First, you build incentive. Then you learn how to manage money. Another reason is you will work harder.

One reason is you will build incentive. Kids get up to \$50 for good grades. Also, 3,000 students can get up to \$1500. Some kids get up to \$2million all together. Money will build incentives because their getting paid to go to school. Some schools give gift cards to give to students. Other schools give \$25 to students for perfect attendance for a quarter. A friend of mine named Bobleta gets \$50 dollars for perfect attendance.

Next, you can learn to manage money. You can use it to pay debts. Also, you learn how to open up a savings account. Then you can learn to pay bills because you've got money and some families might want to help kids that don't have money for food.

Then, you will learn to work harder. Kids want to work harder to get money. Also, they will listen more so they can get good grades. When students are getting paid, they will work harder so they

will get improved grades. Kids will want to work harder because they know they will get paid if they pay attention. Last, but not least, kids should get paid to go to school. It builds incentive. You learn to manage money. Also, you will learn to work harder. Next week let's do a petition to get paid to go to school. Those are some reasons why we should get paid to go to school. Also everyone that gets good grades should be able to go on a field trip.
