PHOENIX, ARIZONA

One of my favorite places that I have ever been to is Phoenix Arizona. I am going to give you some supporting reasons why I believe you should go there.

First they have plenty of sport teams that you can watch, like my favorite sport basketball. They have a great team with Steve Nash, Shaq, Amarie Stodamire, Raja Bell, and Leonardo Barbosa. They have the Arizona Cardinals for football, and in baseball the Arizona Diamond Backs.

There are so many activities to do with kids or with out. For example my favorite thing to do as a kid in Phoenix is to watch sports but maybe you're different. You can do a fun activity such as go carting, they have a

NASCAR speedway there if your into that kind of stuff. You could go hiking, budge jumping, and for others they have a nice relaxing game of golf. You can hang out at the hotel and go swimming and if you're old enough there are bars and poker tournaments.

As you can see I have listed plenty of reasons for you to go to Phoenix. Have a nice trip!!

Should Kids Be Paid To Go To School

Ka Bam!!! People disagree that kids should get paid to go to school. I am not that kind of person! They win a lot of money in contests. They get good grades just to get money. This is about how kids should get paid to go to school. They win a lot of money in contests. I'll tell you some reasons why they should get paid.

Kids get a lot of money in school. They will get \$500 dollars if they get perfect attendance. They go to school to get an education. They do want good grades and want money. I think kids should get paid to go to school.

School uniforms, what!! If they don't wear their uniforms, they don't

get paid or they won't get good grades because they want there students to be polite and treat there school polite. Sometimes they will go to a drawing contest and win a lot of money every year. They do well in school every year just to go to drawing contests.

In New York, they can get a lot of money if they have good grades or get perfect attendance. People move to better schools. They move to nice neighborhoods, parents want kids to get smarter and go to schools that want money. I would do that for a better life or you know, money

I think kids should get paid to go to school. They still work hard like

other schools. Those schools that pay are good schools. If you want to go to a good school go on the internet and find a perfect school. You could get paid and get a better school to go to. It will make it easier for you. You can't get bad grades or you won't get paid. So I think kids should get paid to go to school. If you agree with me, write a petition and take it to your school.

AN INTERVIEW BY JOE MARTIN

I am going to the principles office to interview him and find every thing I can about as I can because Mr. Anderson is a nice guy to make friends with.

Mr. Anderson said that if he had to go to jail for the rest of his life he would take his daughter with him because their happier together. If he would have any view in the world he would want the ocean with a nice beach and pomp trees. If Mr. Anderson could be any dog in the world he would be a beagle. Anderson would duel any one with a video game station. He would love to spend the last year of his life with his family and go golfing and if Mr. Anderson could break any record in the world it would be the single season run record. If Mr. Anderson

had to name one of the worst things he said to his mother it would be I HATE YOU!! One of the questions I asked Mr. Anderson is if he had to cancel one of the week days it would be Tuesday because he has nothing to look forward to. If Mr. Anderson could do any job in the world for one day he would be a professional golfer. One of the other questions I asked Mr. Anderson is if he could have his license plate say anything he would want it to say he would want it to say IF YOU CAN READ THIS YOUR TO CLOES. Mr. Anderson said that if he could have one law that would never again be broken it would be murder.

In conclusion I have told you everything I know about Mr. Anderson and

I have tried to convince you that Mr. Anderson is a fine friend to have .

TROPIC THUNDER

Ka Bam!!! This movie stars Jack Black, Ben Stiller, Robert Downey Jr., Jay Baruchel, Nick Nolte, Tom Cruise, and it is directed by Ben Stiller. This movie is the bomb. I will tell you some reasons why you should watch the best movie.

This movie is crazy. I like this movie because it is funny. Every little detail is funny and entertaining. I choose this movie because it makes you want to watch it over and over again. The main idea about the movie is that they want to make their movie the best. They go to a location but can't make it right. So the air force comes by. This guy has a button that blows up the forest. Then he presses it and blows up a lot of the forest; the

fine was four million dollars.

What!!!? They go back to the city and somebody wants to shoot the movie. It is funny. So later on they flew to there location, in the Vietnam jungle. When they arrive at the location, the guy in charge dies. They start going crazy, screaming. But they don't know there are other people in the jungle. Jack black is so scared, when the bad guys start shooting. Ben Stiller start shooting pretending that they are making the movie. He gets caught and the good guys have to save him. They get him and run away. At the end Tom Cruise does his funny dance and it is so funny. If I had to give this awesome movie a grade I would give it an A+.

This movie is so funny; you have to go buy it. Promise me that you will buy this movie. You will want to watch it over and over again. So tell your parents and go buy this movie! You will certainly laugh.

T-PAIN

Do you want me to buy u a drink? Well I am going tell to you about T-pain. T-pain is a rapper the one of his best songs is buy u a drink and the best song of his is low. T-pain has no weak songs

they are all pimp like him. I would encourage my friends to buy this CD because it is cool and I will give the CD an A++++++ for a grading score. T-pain is a famous rapper and like legend because

almost everyone likes his songs and they are very popular. T-pain songs are very cool because I like his songs.

JOSEPH MARTIN PAID TO GO TO SCHOOL

Who wants money?

Well most of you would that is why I think schools should pay kids to go to school. I will explain to you why kids should get paid to go to school. I will also tell you that kids learn to manage money and have fun at school.

My first reason is when most kids grow up they don't know how to manage money. If kids get paid they will know how to count money so that they will do better in math class. They will also know how to spend their money wisely.

I think it is a good idea for kids to get paid because they will be more determined to study and do homework I also think that if kids get paid they will do well on the W.A.S.L. and other pop quizzes. When kids get good report cards they will get paid and so they will have good behavior and won't get in to

so much trouble.

When kids get paid they will have fun at school and will be more determined to go to school to work

hard for a reward. Kids will be happy that way the teachers will be happy to teach and won't be so cranky. If the teachers are not cranky they mite not give out so much homework and kids will have more fun with their family and not be doing homework.

As you can see I have tried my best to convince you that kids should get paid to go to school because kids should learn to manage money and not hate to go to school but have fun at school.

RUDY PAID TO GO TO SCHOOL

Do you want money? I do and I know most kids would too. Kids don't like school so they just go for money and earn up to \$500 in a year. They get paid and receive money for grades reached and goals.

Kids don't like school they just go for money and a good job. I think kids should get paid because that's the only way they will go to school. It is a motivator to get paid and go to school. You can save money if you are going to go shopping at the mall. We should have buses that do that every week.

Seventh graders will be able to earn up to \$500 in year. Kids should get paid for grades a-b. New York City has

decided to offer cash rewards. These kids are marching in New York City to get paid money for going to school.

Students get paid \$50 for acing the standardized tests. Public school 188 could receive a bonus of as much as \$3,000. Make things fun for us to earn money. Kids will do so many things in school to get money. We do on school grounds we should get paid for instance we could talk and get paid, that would be so fun.

My conclusions are that we should get paid and receive money for grades reached and goals met. Reduce truancy and absenteeism students should get paid \$50 for acing the stan-

dardized tests. Get paid for grades A-B in math or other subject. Kids who reduce their truancy should get paid. I would like you to help all students to make teachers pay us for good grades.

ARACELI PAID TO GO TO SCHOOL

Money, money, money, money.....and so on. Kids think of that all of the time. Now they even think they should get paid to go to school. I think kids shouldn't get paid to go to school. I'll give you three reasons why not first the school will have to pay a lot of money to those who get good grades. Also it's like throwing money away because you don't know what their going to do with that money. And what if a kid lost his money maybe the school would have to pay what he lost.

First, the school has to pay a lot of money to those who get good grades which is good but the school will have to pay every single time kids get good grades. Now, if the school is paying the kids, then they will like to get good grades more often, just to get money.

Also, it's like throwing away money because you don't know what kids are going to do with the money. Instead the school could do a lot of things with that money like more activities, dances, new computers, colored pencils mark-

ers, erasers, fun nights and more activities.

Finally, what if a kid lost his money maybe the school would have to pay what he lost.

I think kids aren't responsible with money these days. Well some kids aren't responsible with the money because, I hear that kids lose more than \$30 that's a lot of money imagine if they lost the money the school paid them. Also they can get it stolen by another kid from school or from another place.

Well, I think kids shouldn't get paid to go to school because the school has to pay a lot of money to those who get good grades. Also it's like throwing away money because you don't know what kids are going to do with that money. Finally, what if a kid lost his money maybe the school would have to pay what he lost. That's why I think kids shouldn't get paid to go to school. We shouldn't let kids get paid to go to school its your choice.

PAID TO GO TO SCHOOL

Cha Ching!! Some people might argue that kids shouldn't be paid to go to school. I am not one of those people! Here are some reasons why. I believe it teaches you to manage money, it creates incentive and kids can buy there own school uniforms. Here are some following reasons why kids should be paid to go to school.

Usually if you encourage kids with money the results most of the time, are higher than their average score. In New York you can get paid five hundred dollars for having perfect attendance. Also, if you meet a goal, your name is

put in a drawing and you have a chance to earn money.

How about school uniforms? Nah! For example, if kids get paid, they could buy their own uniforms. If they bought their own uniforms, which would save the school thousands of dollars that they would be able to use for field trips and such.

If students were to get paid for going to school then they would learn how to manage money. Kids get paid to meet there reading goal. Also if you're in high school and take advanced classes you can get paid up to nine hundred dol-

lars. Some kids even get paid to go to summer school.

As you can see, I feel very strongly about children being paid to go to school. I have listed a few supporting reasons to help support my idea such as it teaches you to manage money, it creates incentive and kids can save thousands of dollars buying their own school uniforms . So let's all sign a petition and take it to the school board and see what the results are!!
