SCHOOL PRAYER

Hey, what do you think about students praying at school? I think that students should be allowed to pray at school because what if they may have problems. They should be allowed to pray because it would also show that they go to church. Students should be able to pray in school because people or students would be able to tell that students read the bible.

One reason, you should pray at school is that you have problems because people keep hitting you. Probably because if you have class problems because you do not return your home-

work. You should pray to God so you don't have problems any longer. So that is why you should pray at school. Let me tell you another reason why should you be able to pray at school. People will know that you are in a religion or you care about God. Students could tell that you are probably Catholic because Catholic people pray. I know one thing that Christian people pray too. Do you want to know what I really am? I am a Jehovah Witness. Ok, I am going to tell you another reason you should pray at school is that people could tell that you read the Bible. Let me tell you that if you

are Catholic, Christian, and a Jehovah Witness you should be able to pray at school. In conclusion, you should pray at school because of problems. Students should also be able to pray at school because students could tell that you go to church. Another reason would be that student are going to be able to tell that you read the bible. You should tell the people that live with you or work with you to

SCHOOL PRAYER

Kara Kronbauer

Our Father who art in Heaven, hallow be your name.... What do you think about praying in school? I think that they should, but on their own time. Also there are many reasons to let children pray at school, like if they pray, it can bring more and more kids and families to Christ. Praying silently would bring no harm, either. Praying helps and works.

Praying leads children to Christ. Students could read Bibles at school, or at least they could read the bible more often. Next, it can bring more peace to children and show their kindness to people. Praying leads a lot more kids to Jesus, families too. They can start reading Bibles and maybe even start doing Bible studies with

friends. It may lead them to God, too. When my dad was in high school, he was having a bad time. Well, when his friend introduced him to Jesus, he felt so much better.

Silently praying does not hurt anyone. If the parents do not believe, and their kids do, it can start fights in the families. If the kids pray silently, it probably will not start as many fights. Also, for some families it is a tradition to pray. If something is wrong at school, they could pray silently to ask for help. Praying works and helps. If someone is going through a tough time, some other friend can pray with them, and help lead them on to the right path. It really works. Also that can happen if a good friend or teacher can pray pri-

vately along with them. When someone is scared or sad, praying can help. My mom is a teacher so she hates to see kids get hurt, so when she feels that someone needs help, she brings them to Christ and helps them. Then once they learn they teach other kids, then on and on and on. I think praying in school is a great idea. Especially, if they want to come to the Lord, this is such a wonderful way. Also when they pray silently, it really can't hurt anyone or harm anything. Praying works; students who are having a bad time can pray with them and it helps. So, if you agree, go ask to pray in school, you'll never know what will happen if you don't ask.

School Prayer

Would you be shocked to walk in to a room and see all of the kids heads bowed? I would. My paper is about students being able to pray at school. In my thinking, I believe students should be able to pray at school at least silently to them selves. Some reasons to support my stance are that some families have traditions like praying before they eat. Also, praying silently would not cause such a big problem with everybody's different religion. Lastly praying is not a crime and we should be able to pray at least silently.

Some family traditions are giving thanks for living another day, a night or day prayer and giving thanks for a happy or healthy family. Also some families have a week where Wednesday is called "Ash Wednesday". It is a day when people don't eat meat.

Why pray silently? One reason is that praying out loud is why some families argue about religion. Also, students sometimes pray silently without teachers even knowing. Praying silently is a different way to avoid religious differences.

Finally preying is not a crime and we should be able to pray. In some schools kids are

allowed to read their bibles. Also, in Pennsylvania's, school the law is that they read the 10 commandments every day. Lastly, if the schools allow religious plays, why not praying!! In my opinion, we should be able to pray at school because it is good for the mind and the soul. I think like this because families have traditions. We could also pray silently. Praying is not a crime!! Do you have something to say about this issue? Take a stand! Talk to one another!!!!

A TRIP TO HAWAII

Kara Kronbauer

Swoosh, swoosh. Wouldn't you love to be lying down on a beach, listening to the ocean waves? Well, here's the perfect chance! A TRIP TO HAWAII! How about the island of Kauai? Kauai is probably the most tropical and lush of all the islands. There are so many activities to do. Some things that you can do on land are things like horseback riding around the canyons, on fields, and through waterfalls. Walking through shops can be a lot of fun. There are also a million activities to do on the water and in the water. You can go on

tours to any other island. There are many different waterfalls to kayak to. One of them is on the way to the Fern Grotto. The restaurants are the best part though. My personal favorite is this place named Dukes. Dukes is right in front of a beach called Kalapaki. Also it is right next to the Marriott. The Marriott has a beautiful pool shaped as a flower with 5 hot tubs surrounding it. At the restaurant, when it's your birthday, they sing happy birthday to you and they give you a free Hula Pie. Hula Pie is a pie with ice cream, hot fudge, Oreo, and peanut butter. I just have to say the salad bar is delicious, too. There is Creaser Salad and the famous

Dukes muffins. Some muffins have coconut and banana; but, there are many different kinds. The beaches are fantastic! My favorite beach is Poipu. Poipu beach is a very beautiful place. It is also a great place to snorkel. There are so many types of fish, but there are sharks, too. I once was pulled out of the water by someone because there was a shark in the water. Also about the other beaches, there are so many. And they are all great. You will love them!!

So call us up if you feel like you need a little break. You can enjoy the beaches, the food, and you can relax in the sun!

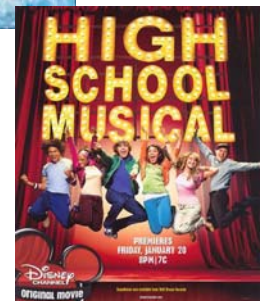

HIGH SCHOOL MUSICAL

Odaliz Mendoza

Hey! Hey! Hey! Let me tell you something! You should to go the store and if you want to buy a CD buy a High School Musical. It is one of the best CD I've ever heard of.

There are a lots of people that sing in this cede. Theses people even made three movies. High school musical, there are 6 persons that sing

in this CD. It can make you dance real well. One of the best songs are "Always Meet Together". I also think you should buy this CD because theses people are famous. You could also buy this CD because it is really cheap only at dollar's stores. Some people know these musicians from the CD's. My family knows these persons from the movies. You should also buy this CD because it has the best music. That is why you should buy this CD.

Alvin and the Chipmunks

The movie review I did was Alvin and The Chipmunks directed by Dave Seville. I think that the people that like grated movies would really like this movie

I also think that the kind of people that like movies that have singing parts in them. Because this movie is about talking chipmunks that got famous by singing well. I also think that the people that like comedy would really enjoy this movie because it is really funny.

This movie is one of the funniest movies I have ever seen because, the chipmunks are so cool. Alvin is the cool one and the funny one that always gets in to trouble, Simon is the smart one, he is the one that always corrects the rest of the chip-

munks, Theodore is the little one and chubby he is also the cute one. These chipmunks are really funny because they always make a mess and when they have to clean up they put it in the refrigerator. Also when they get something wet they dry it of with close and say that is the only thing they can think about to dry wet stuff up.

So go out there and rent or buy that movie!!!!

Praying in School

"Should student's be able to pray in school"

I think we should be able to pray in schools. Kids can practice their prayers. Or some religions make you pray a lot so that means you will have to pray in school. Also some religions make you pray for your food or for some other reasons.

I think children should be able to pray in school so if your religion is one that makes you thank the lord for your food you will be able to pray in school for your food. I think children should be able to pray in school so that if their parents say they want them to pray during lunch they can pray.

I think children should be able to pray in school so that if there parents say they want them to pray during lunch they can pray. So when one of your friends is hurt you might want to pray but you are scared your school won't let you so you, don't pray. If a child is hurt and thinks it is something real bad they might want to pray in the nurse's office so that whatever they think is bad won't be bad.

Well, you see that in the Catholic Church you make the first communion that is where you practice your prayers and get ready to receive the bread and wine of Jesus Christ. When you are in that class, you have to study a lot. If you want to pass, that class makes you a lot more part of our Catholic Church.

I think we should be able to pray because my religion makes us pray do you think we should be able to pray in school?

Leonardo Pineda

NEW OFFER !!!!!

Shipped from Japan

Bottle made in Mexico

Does not hurt nails

Only 10\$!!!!

New on the market!!! Be the first to have it, your friends will want it. Guaranteed to work or your money back. With no questions! Changes colors by how you feel!!

Also!!!
