## **Are Girls Being Treated Fairly?**

Uriel Gonzalez

“You can’t be on our team, you’re just a girl!”

Hey, do you think girls are treated fairly in education and sports? Well, guess what, I think they are. I think they are treated equally because they don’t torture or treat them as inferiors, they are not treated badly in public and they can play sports.

My first reason is that the teachers never lock girls up, torture, or starve them in a room. People don’t treat girls as inferior in school or any place I know of. Teachers never hit or paddle girls or boys anymore. Those are some of the reasons I think girls are

treated as fairly and equally as boys. Another reason is that boys might have additional sports to play, but we need good grades and girls get better grades. So those girls who want to play volleyball or one of the other sports, they’ll have no problem. That’s why it’s easier for girls to play sports in school. All the boys aren’t as smart as girls. So if you’re a really good player but you have really bad grades, you will not be able to play the game. So it’s about even in sports als

My last reason is I think girls are treated equally just about anywhere, all the time. I have

never seen boys treated better than girls in public places, stores or at their own houses. I some times think girls are treated even better than boys because they are always nice and boys don’t really listen. These are my last reasons why I think girls are treated fairly. My conclusion is I think girls are treated equally and I think most people think the same way. I think that because they aren’t treated badly, they can play sports, and do about anything a boy can do in school. So now you can stop worrying about girls and worry about something .else, alright?

Do you want to see some really nice break dancing if you want to try and do these crazy stunts, then watch Step up 2 the streets.

The movie stars of step up 2 the streets are Robert Hoffman, Brianna Evigan, and Adam G. The director of this movie is Jon Chu .The audience that might be interested are all my family and friends. This movie is so awesome because they do all these crazy stunts its one of the best movies I have ever

seen. My favorite actor from this movie was Adam G. who plays as the school student moose which is the guy that knows who’s dating whose hating and what else is happening in the school. He is my favorite actor because he does this weird move when he starts to dance. He’s also the funniest actor in the film because he says weird things. I think it’s a cool movie because the people of this movie do back

flips, front flips spin a Ronny’s , spin on there heads, and other really cool stunts. Some of the parts of the movie are really funny. In the end the crew Andie makes starts to dance outside in the rain and do some weird and awesome moves. But my favorite part was at the beginning when Andie and her brother dance off but she ends up losing to her brother. If I could give this a letter grade I would give it an A+ because to me it’s one of the best movies I have

# Taylor Swift!

Taylor Swift

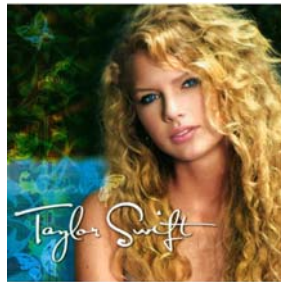

Hey! What do you get when you cross country with awesomeness? Taylor Swift of course! Oh yeah, Taylor Swift ROCKS J! Taylor Swift's very first CD didn't have much of a name, it was just Taylor Swift. A couple of her other CD names are Fearless and Beautiful Eyes. Her music is really good and I enjoy it a lot myself. I don't know of any boys who like Taylor Swift because Taylor Swift's music mostly targets girls.

Taylor Swift's music is country but it has a tiny bit of pop to it. Her music is mostly love songs. Whether it's about getting revenge or just some sappy stuff, it's all good!

Other CDs of Taylor Swift's are: are Taylor Swift, Taylor Swift (deluxe), and Taylor Swift Sounds Of The Season. I'm not sure of any others. Taylor Swift is totally awesome and to me deserves an A+! I personally only have a couple of her songs on my ipod but

I'm hoping to get more soon. If you don't have any Taylor Swift you should go out and buy some right now. You can buy it at any store that sells CDs but mostly at Wal-Mart and Target.

My best friend Latreece said her favorite song by Taylor Swift is our Song! I love the songs Picture to Burn, Our Song, I Heart ?, Should've Said No and a whole lot more! She is defiantly on my top ten list! A+!

# Are Girls Treated Fairly?

Jordon Hendrickson

There is a girl, there is a boy, are they treated equally in life? Do you think girls are treated fairly in life! Yes, girls are treated in getting fairly when getting in trouble. Most sports money goes to boys, but girls get a lot too. Yes, girls are treated fairly in school.

Girls are treated fairly when getting in trouble. I got in trouble with a girl. I got in so much trouble that I had to stay in the offices all day with her. I had so much homework that I cried. The next day I saw her at school and she looks **bad**.

More sports money goes to boys than girls. Less than 26% of sports money is given to girls because girls do not want to play many sports. Boys get 64% of sports money given to them. That is because most girls go to law school. Any girl can play football and boys can play volleyball.

Are girls treated fairly in school sports? I read a book on this girl who played baseball until she graduated. That was a fiction story. Girls can play football if they want. Girls have the same type of sports as boys in the same season.

I think girls are treated fairly in life. Yes,

girls are treated fairly in getting in trouble. Most sports money goes boys. Girls are treated fairly in school sports.

In conclusion hopefully you too think that girls are treated equally in life! We should go sign a petition and let the world know that girls are treated equally in life!

## Girls And Boys Are Tread Fairly

Do you think girls are treated fairly in education, well I do. I think that girls are treated fairly because they can do any sport they want. Boys and girls are treated the same when they don't attend school and they have the same amount of homework.

Girls and boy are punished the same like detention, expelled, and suspended. If boys think their cool those boys are more likely to get in trouble. Girls get in trouble too! The girls could get into big trouble those girls can get suspended. If you think girls don't get into trouble because we are girls, well you are wrong. Girls do getting trouble!

Did you know that girls go to college

more than boys? Only 45% of boys go to college 55% of girls go to college. Boys get behind in reading and writing that is probably the reason why girls attend college more than boys.

Girls can play football, so that means that girls are treaded fairly in education. Girls are helping the New York Sharks to be the first woman tackle football team. Girls can play football. There is no body that says that girls can't play football. There is no body that can stop a girl from playing football. Just because boys play, that doesn't mean that girls can't play football. So if girls can play football that means that girls are treated fairly in education.

In conclusion, I think that girls are

treated fairly in education. I hope that you think that girls are treated fairly in education. If you think that girls are being treated fairly then lets sign a petition and give it to our principal to let him know the good news!

"Oh my gosh.... That's unfair!"

" But that's fair?... Well, I guess we're even."

## Are Girls Treated Fairly?

Do you think that girls are being treated fairly? They are in most cases. There are a lot more sporting opportunities now for girls than there were in the earlier years. In education girls exceed over boys because boys don't care as much as girls do. Sometimes females get into trouble but its mostly males.

Hey, guess what?? Boys and girls clubs are joining forces with the NFL to consider starting a professional women's flag football team! There has already been an offering to the NFL to start one! Girls contribute a lot of participation and spirit to sports! Overall, sports are awesome!

WOW! What a surprise! You'd totally think boys would care a little more... boys drop out of school a ton more than girls do. Boys get expelled from pre-school five times more than girls. In 1997, college enrollments were 45% male and 55% female! Girls tend to care more about academics and grades. I think boys should care more about grades.

Oh my gosh! Now this is really odd. If boys think they're cool, they tend to get into more trouble! Boys also do drugs more than girls, while girls attempt suicide more often. I think that those girls who choose to do drugs are being unfair to themselves!

Well, in most cases girls are treated fairly, I think. There are a lot of new sports opportunities, which is awesome!! If you think that girls are being treated fairly the lets sign a petition and send it to the president to let him know the good news. I hope you enjoyed reading my essay!
