

Another Option...

Our Mission: *To promote an entrepreneurial growth mindset through passion-driven, project-based, individualized learning*

Looking for Something Different?

CSI may have an option for you!

- Learning through Interests
- Individualized Curriculum
- Small, Friendly Environment
- Internships & Real-world earning
- Community Service
- Individual Support
- Flexible Schedule options
- Online program available
- Caring, supportive staff

The CSI Model

CSI puts the needs of the individual first. Each student works with advisors, mentors, parents and peers to explore interests, set goals, and develop a personalized Learning Plan.

As each student has unique needs and interests, each student Learning Plan is different. CSI staff will help students develop a Learning Plan that is meaningful, engaging, and practical in reaching career and personal goals.

CSI provides students with learning opportunities to explore careers, nurture creativity, develop employability skills, earn industry-recognized certifications, and gain exposure to new experiences.

"CSI is more than just a school...it is a people changer!" ~CSI Graduate

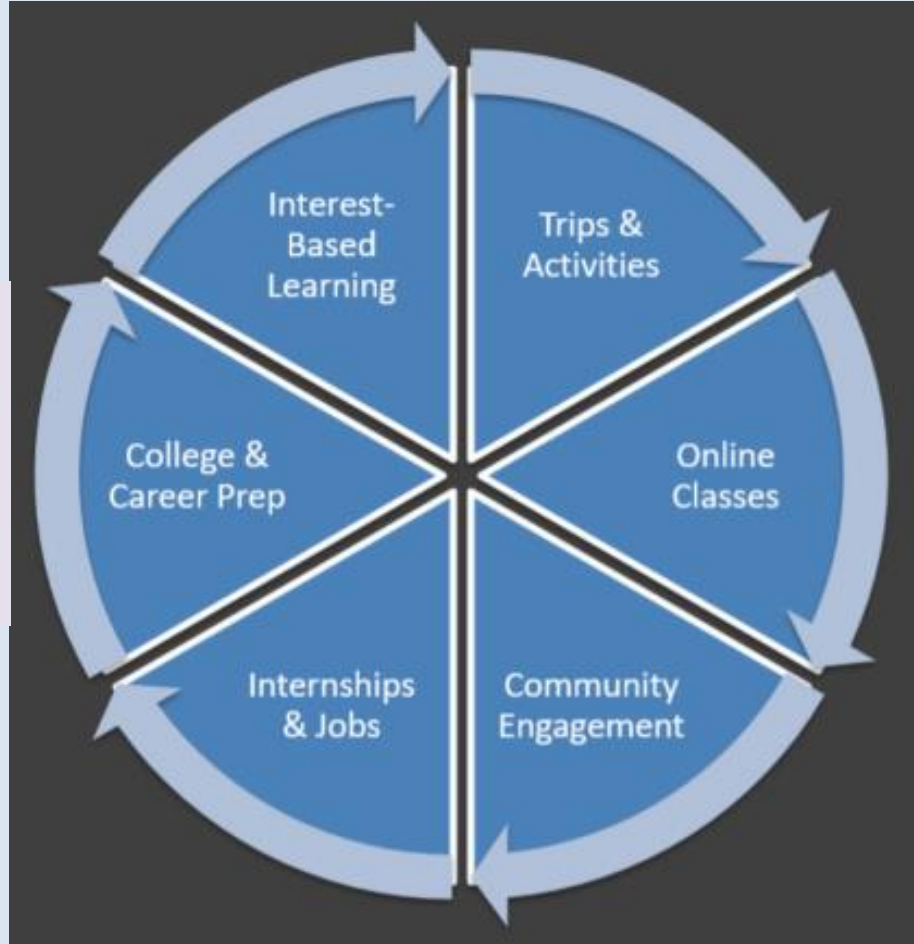

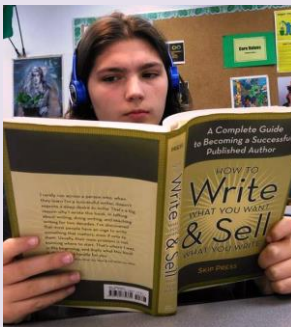

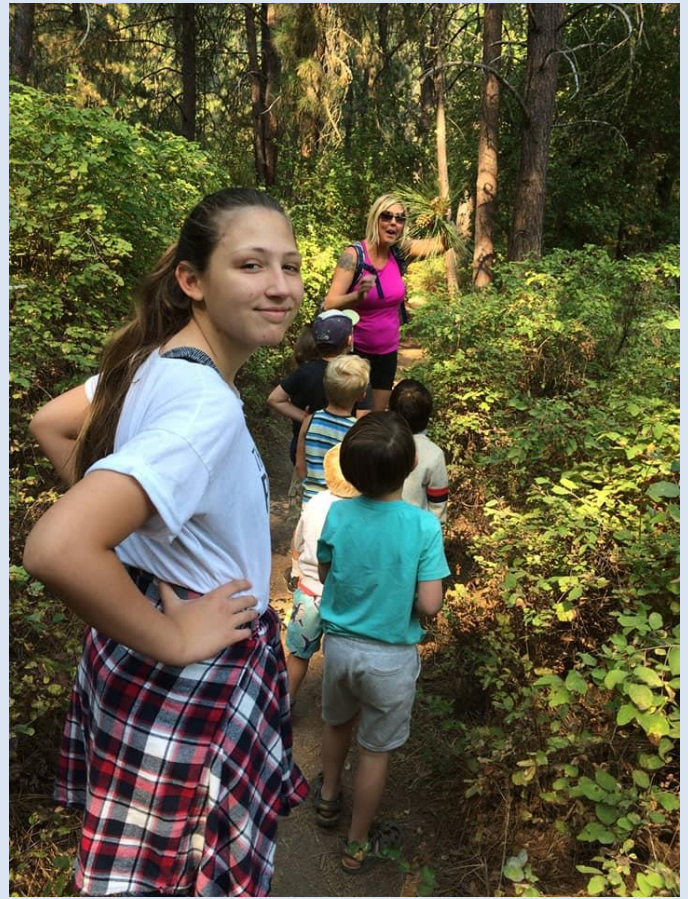

A Variety of Learning

Students at CSI enjoy a balance of collaborative and independent work to meet standard in the Competencies:

- Communication
- Quantitative Reasoning
- Empirical Reasoning
- Social Reasoning
- Personal Qualities

Along with personal interest projects, students may choose from a variety of engaging online classes that fit their interests and goals.

CSI staff are here to support students of all backgrounds and ability levels.

Established in 2014, Chelan School of Innovation is a proud member of the Big Picture Learning Network of Innovative schools throughout the Pacific Northwest and worldwide. For more information about Big Picture Learning visit: www.bigpicture.org/.
