

# MOE Remote Learning 2.0

Kindergarten - 2nd Grade

---

## 8:30-8:50

Log in to Google Meet and participate in livestream class morning meeting. Students share how they are feeling and connect with peers. This is an opportunity for student talk, which stimulates brain activity and contributes to feelings of belonging, trust and emotional safety.

---

## 8:50-9:00

Students have an opportunity to move and stretch, or take a short break before transitioning to whole group direct instruction.

---

## 9:00 - 10:20

Students are engaged in two content specific lessons, directed by their classroom teacher and delivered live via Google Meet. Content areas include: ELA, Math, Science, Social Studies and Social Emotional Learning. A “brain break” will be provided at 9:30 AM every day between lessons.

---

## 10:20 - 11:10

Most students will be dismissed from the livestream at 10:20. A small group of students (5 or fewer) will remain online and receive additional instruction in a small group. Every student will participate in a small group at least once per week.

Students not in a small group may complete independent work or log on for online videos such as *Mystery Science*

---

## 11:00-12:30

Students who receive hot lunch may use this window of time to go through the food pick-up line with their family. It is also a time for recess.

---

## 12:00-2:30

Asynchronous learning time offline. Students work on a variety of tasks directed by their teacher.
