To: Parents/Guardians  
Re: Vaccine Opportunity  
From: Barry DePaoli, Superintendent  
Date: 05.13.2021

---

Dear Parents/Guardians,

In cooperation with the Chelan-Douglas Health District and the Lake Chelan Health, we are able to offer your child the opportunity to receive the Pfizer COVID vaccine. Lake Chelan EMS will be on site at Chelan Middle/High School Gymnasium on Friday May 21st between 11:10 and 12:30 pm. The second vaccination is scheduled for June 10th at the same time and place. Parents who have yet to be vaccinated can also participate in the clinic.

This past Tuesday, May 11th, Pfizer was granted an Emergency Use Authorization by the FDA allowing any child 12 years or older to receive the vaccine. Overall, the vaccines have been found to be very effective in the prevention of COVID-19.

There are many advantages to being vaccinated. Once fully vaccinated, students will no longer be required to quarantine resulting in missing school and/or club and sporting activities due to an exposure. Also, many events are now expanding attendance and adding vaccinated sections to stadiums throughout our state and the country. WSU and the University of Washington are requiring all students to be vaccinated this fall to be able to attend in-person classes.

I encourage you to review the material provided in this packet to help you make the right decision for your child regarding the vaccine. Should you choose to have your child take advantage of this opportunity you will need to sign the parent consent form (this requires an original signature in ink). Students will need to return the signed consent form to Mrs. Martinez in the main office by Tuesday, May 18th so we can have the necessary vaccine doses ready to administer at the clinic.

If you have any questions regarding the information in the packet or vaccines in general please feel free to call our school nurse, Eric Flynn at 682-4061.

Sincerely,

Barry P. DePaoli,  
Superintendent

<b>SCREENING QUESTIONS</b>						
1. Are you feeling sick today?					YES	NO
2. Have you ever received a dose of COVID-19 Vaccine? if yes which product? <input type="checkbox"/> Pfizer <input type="checkbox"/> Moderna <input type="checkbox"/> Johnson & Johnson <input type="checkbox"/> Other _____					<input type="checkbox"/>	<input type="checkbox"/>
3. Have you ever had an allergic reaction to: <input type="checkbox"/> Polyethylene glycol (PEG), which is found in some medications, such as laxatives and preparations for colonoscopy procedures <input type="checkbox"/> Polysorbate, which is found in some vaccines, film coated tablets, and intravenous steroids. <input type="checkbox"/> A previous dose of COVID-19 vaccine <input type="checkbox"/> Have you ever had a severe allergic reaction (e.g., anaphylaxis) to something other than a component of COVID-19 vaccine, or any vaccine or injectable medication? This would include food, pet, venom, environmental, or oral medication allergies.					<input type="checkbox"/>	<input type="checkbox"/>
4. Have you received any vaccine in the last 14 days?					<input type="checkbox"/>	<input type="checkbox"/>
5. Have you received passive antibody therapy (monoclonal antibodies or convalescent serum) as treatment for COVID-19?					<input type="checkbox"/>	<input type="checkbox"/>
6. Do you have a bleeding disorder or are you taking a blood thinner?					<input type="checkbox"/>	<input type="checkbox"/>
7. Do you have dermal fillers?					<input type="checkbox"/>	<input type="checkbox"/>
<p>I have made the decision to receive the COVID-19 Vaccine voluntarily and freely. I know I have the option to refuse this vaccine. I have received the COVID-19 Vaccine manufacturer fact sheet and have reviewed it. I understand the FDA has authorized the emergency use of this vaccine and it is not a fully licensed FDA vaccine. I have had the chance to ask questions and my questions were answered to my satisfaction. I understand the nature, alternatives, benefits, and risks of vaccination. I know that with all vaccines there is no promise that I will become immune or that I will not have side effects. The vaccine I am about to receive maybe a two-dose series, if so I understand I must return at the scheduled time to receive the second dose. I authorize the organization providing my vaccine to release information. I authorize release of all records to act on this request.</p> <p><b>Disclosure of Records:</b> I understand the organization providing my vaccine may be required to or may voluntarily disclose my vaccine-related health information to my primary care physician, health systems and hospitals, and state or federal registries or other public health authorities, for purposes of treatment, or health care operations. I also understand the organization providing my vaccine will use and disclose my health information as described in its Notice of Privacy Practices which I may receive upon request.</p>

## FACT SHEET FOR RECIPIENTS AND CAREGIVERS

### EMERGENCY USE AUTHORIZATION (EUA) OF THE PFIZER-BIONTECH COVID-19 VACCINE TO PREVENT CORONAVIRUS DISEASE 2019 (COVID-19) IN INDIVIDUALS 16 YEARS OF AGE AND OLDER

You are being offered the Pfizer-BioNTech COVID-19 Vaccine to prevent Coronavirus Disease 2019 (COVID-19) caused by SARS-CoV-2. This Fact Sheet contains information to help you understand the risks and benefits of the Pfizer-BioNTech COVID-19 Vaccine, which you may receive because there is currently a pandemic of COVID-19.

The Pfizer-BioNTech COVID-19 Vaccine is a vaccine and may prevent you from getting COVID-19. There is no U.S. Food and Drug Administration (FDA) approved vaccine to prevent COVID-19.

Read this Fact Sheet for information about the Pfizer-BioNTech COVID-19 Vaccine. Talk to the vaccination provider if you have questions. It is your choice to receive the Pfizer-BioNTech COVID-19 Vaccine.

The Pfizer-BioNTech COVID-19 Vaccine is administered as a 2-dose series, 3 weeks apart, into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine may not protect everyone.

This Fact Sheet may have been updated. For the most recent Fact Sheet, please see [www.covidvaccine.com](http://www.covidvaccine.com).

#### WHAT YOU NEED TO KNOW BEFORE YOU GET THIS VACCINE?

##### WHAT IS COVID-19?

COVID-19 disease is caused by a coronavirus called SARS-CoV-2. This type of coronavirus has not been seen before. You can get COVID-19 through contact with another person who has the virus. It is predominantly a respiratory illness that can affect other organs. People with COVID-19 have had a wide range of symptoms reported, ranging from mild symptoms to severe illness. Symptoms may appear 2 to 14 days after exposure to the virus. Symptoms may include: fever or chills; cough; shortness of breath; fatigue; muscle or body aches; headache; new loss of taste or smell; sore throat; congestion or runny nose; nausea or vomiting; diarrhea.

##### WHAT IS THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine that may prevent COVID-19. There is no FDA-approved vaccine to prevent COVID-19.

The FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine to prevent COVID-19 in individuals 16 years of age and older under an Emergency Use Authorization (EUA).

For more information on EUA, see the "What is an Emergency Use Authorization (EUA)?" section at the end of this Fact Sheet.

#### WHAT SHOULD YOU MENTION TO YOUR VACCINATION PROVIDER BEFORE YOU GET THE PFIZER-BIONTECH COVID-19 VACCINE?

Tell the vaccination provider about all of your medical conditions, including if you:

- have any allergies
- have a fever
- have a bleeding disorder or are on a blood thinner
- are immunocompromised or are on a medicine that affects your immune system
- are pregnant or plan to become pregnant
- are breastfeeding
- have received another COVID-19 vaccine

#### WHO SHOULD GET THE PFIZER-BIONTECH COVID-19 VACCINE?

FDA has authorized the emergency use of the Pfizer-BioNTech COVID-19 Vaccine in individuals 16 years of age and older.

#### WHO SHOULD NOT GET THE PFIZER-BIONTECH COVID-19 VACCINE?

You should not get the Pfizer-BioNTech COVID-19 Vaccine if you:

- had a severe allergic reaction after a previous dose of this vaccine
- had a severe allergic reaction to any ingredient of this vaccine

#### WHAT ARE THE INGREDIENTS IN THE PFIZER-BIONTECH COVID-19 VACCINE?

The Pfizer BioNTech COVID-19 Vaccine includes the following ingredients: mRNA, lipids ((4-hydroxybutyl)azanediyl)bis(hexane-6,1-diy))bis(2-hexyldecanoate), 2-[(polyethylene glycol)-2000]-N,N-ditetradecylacetamide, 1,2-Distearoyl-sn-glycero-3-phosphocholine, and cholesterol), potassium chloride, monobasic potassium phosphate, sodium chloride, dibasic sodium phosphate dihydrate, and sucrose.

#### HOW IS THE PFIZER-BIONTECH COVID-19 VACCINE GIVEN?

The Pfizer-BioNTech COVID-19 Vaccine will be given to you as an injection into the muscle.

The Pfizer-BioNTech COVID-19 Vaccine vaccination series is 2 doses given 3 weeks apart.

If you receive one dose of the Pfizer-BioNTech COVID-19 Vaccine, you should receive a second dose of this same vaccine 3 weeks later to complete the vaccination series.

**HAS THE PFIZER-BIONTECH COVID-19 VACCINE BEEN USED BEFORE?**

The Pfizer-BioNTech COVID-19 Vaccine is an unapproved vaccine. In clinical trials, approximately 20,000 individuals 16 years of age and older have received at least 1 dose of the Pfizer-BioNTech COVID-19 Vaccine.

**WHAT ARE THE BENEFITS OF THE PFIZER-BIONTECH COVID-19 VACCINE?**

In an ongoing clinical trial, the Pfizer-BioNTech COVID-19 Vaccine has been shown to prevent COVID-19 following 2 doses given 3 weeks apart. The duration of protection against COVID-19 is currently unknown.

**WHAT ARE THE RISKS OF THE PFIZER-BIONTECH COVID-19 VACCINE?**

Side effects that have been reported with the Pfizer-BioNTech COVID-19 Vaccine include:

- injection site pain
- tiredness
- headache
- muscle pain
- chills
- joint pain
- fever
- injection site swelling
- injection site redness
- nausea
- feeling unwell
- swollen lymph nodes (lymphadenopathy)

There is a remote chance that the Pfizer-BioNTech COVID-19 Vaccine could cause a severe allergic reaction. A severe allergic reaction would usually occur within a few minutes to one hour after getting a dose of the Pfizer-BioNTech COVID-19 Vaccine. Signs of a severe allergic reaction can include:

- Difficulty breathing
- Swelling of your face and throat
- A fast heartbeat
- A bad rash all over your body
- Dizziness and weakness

These may not be all the possible side effects of the Pfizer-BioNTech COVID-19 Vaccine. Serious and unexpected side effects may occur. Pfizer-BioNTech COVID-19 Vaccine is still being studied in clinical trials.

**WHAT SHOULD I DO ABOUT SIDE EFFECTS?**

If you experience a severe allergic reaction, call 9-1-1, or go to the nearest hospital. Call the vaccination provider or your healthcare provider if you have any side effects that bother you or do not go away.

Report vaccine side effects to **FDA/CDC Vaccine Adverse Event Reporting System (VAERS)**. The VAERS toll-free number is 1-800-822-7967 or report online to <https://vaers.hhs.gov/reportevent.html>. Please include "Pfizer-BioNTech COVID-19 Vaccine EUA" in the first line of box #18 of the report form.

In addition, you can report side effects to Pfizer Inc. at the contact information provided below.

Website	Fax number	Telephone number
<a href="http://www.pfizersafetymonitoring.com">www.pfizersafetymonitoring.com</a>	1-866-635-8337	1-800-438-1985

**WHAT IF I DECIDE NOT TO GET THE PFIZER-BIONTECH COVID-19 VACCINE?**

It is your choice to receive or not receive the Pfizer-BioNTech COVID-19 Vaccine. Should you decide not to receive it, it will not change your standard medical care.

**ARE OTHER CHOICES AVAILABLE FOR PREVENTING COVID-19 BESIDES PFIZER-BIONTECH COVID-19 VACCINE?**

Currently, there is no approved alternative vaccine available for prevention of COVID-19. FDA may allow the emergency use of other vaccines to prevent COVID-19.

**CAN I RECEIVE THE PFIZER-BIONTECH COVID-19 VACCINE WITH OTHER VACCINES?**

There is no information on the use of the Pfizer-BioNTech COVID-19 Vaccine with other vaccines.

**WHAT IF I AM PREGNANT OR BREASTFEEDING?**

If you are pregnant or breastfeeding, discuss your options with your healthcare provider.

**WILL THE PFIZER-BIONTECH COVID-19 VACCINE GIVE ME COVID-19?**

No. The Pfizer-BioNTech COVID-19 Vaccine does not contain SARS-CoV-2 and cannot give you COVID-19.

**KEEP YOUR VACCINATION CARD**

When you get your first dose, you will get a vaccination card to show you when to return for your second dose of Pfizer-BioNTech COVID-19 Vaccine. Remember to bring your card when you return.

# Get vaccinated. Get your smartphone. Get started with v-safe.

## What is v-safe?

v-safe is a smartphone-based tool that uses text messaging and web surveys to provide personalized health check-ins after you receive a COVID-19 vaccination. Through v-safe, you can quickly tell CDC if you have any side effects after getting the COVID-19 vaccine. Depending on your answers, someone from CDC may call to check on you. And v-safe will remind you to get your second COVID-19 vaccine dose if you need one.

Your participation in CDC's v-safe makes a difference—it helps keep COVID-19 vaccines safe.

## How can I participate?

Once you get a COVID-19 vaccine, you can enroll in v-safe using your smartphone. Participation is voluntary and you can opt out at any time. You will receive text messages from v-safe around 2 p.m. local time. To opt out, simply text "STOP" when v-safe sends you a text message. You can also start v-safe again by texting "START."

## How long do v-safe check-ins last?

During the first week after you get your vaccine, v-safe will send you a text message each day to ask how you are doing. Then you will get check-in messages once a week for up to 5 weeks. The questions v-safe asks should take less than 5 minutes to answer. If you need a second dose of vaccine, v-safe will provide a new 6-week check-in process so you can share your second-dose vaccine experience as well. You'll also receive check-ins 3, 6, and 12 months after your final dose of vaccine.

## Is my health information safe?

Yes. Your personal information in v-safe is protected so that it stays confidential and private.\*

\*To the extent v-safe uses existing information systems managed by CDC, FDA, and other federal agencies, the systems employ strict security measures appropriate for the data's level of sensitivity.

Sign up with your smartphone's browser at [vsafe.cdc.gov](https://vsafe.cdc.gov)

OR

Aim your smartphone's camera at this code

## How to register and use v-safe

You will need your smartphone and information about the COVID-19 vaccine you received. This information can be found on your vaccination record card; if you cannot find your card, please contact your healthcare provider.

## Register

1. Go to the v-safe website using one of the two options below:

2. Read the instructions. Click **Get Started**.

3. Enter your name, mobile number, and other requested information. Click **Register**.

4. You will receive a text message with a verification code on your smartphone. Enter the code in v-safe and click **Verify**.

5. At the top of the screen, click **Enter vaccine information**.

6. Select which COVID-19 vaccine you received (found on your vaccination record card; if you cannot find your card, please contact your healthcare provider). Then enter the date you were vaccinated. Click **Next**.

7. Review your vaccine information. If correct, click **Submit**. If not, click **Go Back**.

8. **Congrats! You're all set!** If you complete your registration before 2 p.m. local time, v-safe will start your initial health check-in around 2 p.m. that day. If you register after 2 p.m., v-safe will start your initial health check-in immediately after you register—just follow the instructions.

You will receive a reminder text message from v-safe when it's time for the next check-in — around 2 p.m. local time. Just click the link in the text message to start the check-in.

## Complete a v-safe health check-in

1. When you receive a v-safe check-in text message on your smartphone, click the link when ready.

2. Follow the instructions to complete the check-in.

## Troubleshooting

**How can I come back and finish a check-in later if I'm interrupted?**

- Click the link in the text message reminder to restart and complete your check-in.

**How do I update my vaccine information after my second COVID-19 vaccine dose?**

- V-safe will automatically ask you to update your second dose information. Just follow the instructions.
